SHOE BOX PROJECT

Three easy steps that will help a child in Southwest Louisiana!

All children deserve to have a happy first day of school. Having new school supplies has far-reaching benefits. You can make a child feel good and allow struggling parents to breathe easier with the knowledge that their children are prepared.

Each year, **United Way** of Southwest Louisiana's **Shoe Box Project** provides new school supplies to children in need across Southwest Louisiana. There are three easy steps to helping us reach our goal.
