

UNITED

Why?

1 in 4 local children depend on public school meals as their primary source of food.

United Way of Southwest Louisiana's work to end child hunger doesn't end when school is out. We partner with Summer Feeding Programs to provide Weekend Food Packs.

How can you help?

Your business or organization can get involved in several ways!

- Become a donation site and collect items through April, 2020.
- Set a goal for your group or business to collect a specific food item (i.e. 1,000 juice boxes).
- Collect enough items for a certain number of Weekend Food Packs.

CONTACT US to register your group or business!
