

# HELPING FAMILIES KEEP MOVING FORWARD

**Because of you, families facing hardship don't face it alone.**

A local family was already facing the unthinkable—their child is undergoing cancer treatment at a hospital in Houston. During one of the many hospital visits, while the mother was inside with their child, the family's vehicle was stolen from the parking lot. Suddenly, a family already stretched thin emotionally and financially was left without reliable transportation to and from lifesaving treatments.

## WHEN CRISIS STRIKES, UNITED WAY STEPS IN

The parent's employer reached out to United Way Southwest Louisiana for help. Because of the support of donors like you, we immediately stepped in and covered the cost of rental cars until insurance could provide funds for a replacement vehicle.

**This act of kindness wasn't just about transportation—it was about keeping a family together during the hardest time of their lives, ensuring they had the stability and dignity they deserved.**

**YOUR GIFT TO UNITED WAY SOUTHWEST LOUISIANA MAKES MOMENTS LIKE THIS POSSIBLE.  
TOGETHER, WE HELP FAMILIES KEEP MOVING FORWARD, EVEN IN THEIR DARKEST HOURS.**
